

Trustee: Debbie Cole

I have been a member of the Board of Trustees with STEMPOINT since July 2019.

I work as the Head of Resourcing for MBDA where my HR background has come in useful to be able to provide support and guidance to the Board.

Working in a defence/engineering environment, STEM is key to what we do and is a personal passion of mine. Naturally working alongside STEMPOINT for the last 10 years and seeing the engagement and development within schools has been fantastic and so I welcomed the opportunity to be a Board member.

I have also been a school governor and Chair of Governors since 2014, winning Outstanding Governor of the year award from Hertfordshire Association of School Governors in 2018. Having a cross section of experience helps to bring STEM, education and careers together.

In day to day life, I'm a mum of 2 young children (and new mum to a Romanian rescue dog!), as well as 2 cats – I keep busy!
